Quality Policy

Kwikpac specialize in the supply of innovative and quality packaging products and equipment to manufacturers, distributors and retailers throughout the UK and our products and services are delivered with the key focus being to provide unsurpassed levels of quality and service in compliance with all industry standards and regulations.

In support of our drive to continually improve the quality of our service we have established a quality management system compliant with requirements of ISO 9001:2008.

Our quality system aims to:

- Ensure compliance with relevant legal requirements
- Provide flexible customer focused services.
- Develop a partnership with our supply chain to ensure required standards are delivered.

The development of our employees is recognized as being essential to the development and success of our company and accordingly training needs are reviewed on an ongoing basis. We ensure all of our employees are trained appropriately and this includes ensuring that they are aware of the performance standards expected of them.

By monitoring and reviewing our performance we aim to continually improve the effectiveness of our quality management system, processes and facilities and in doing so meet our overall objective of excellent products, services and customer care.

Ted Harmer

Managing Director

2018
