

e-tape[®]

One of the best in the world

e-tape®

"seriously durable
and great to use...
...they look good too!"

First introduced in January 2006 **e-tape** is now globally recognised for its unrivalled quality and value for money. As **e-tape** is one of our core products, we are constantly increasing the range of this unique invention. The latest launch is the 72mm width and premium hand dispensers to suit. This is available from stock in the **e-tape+** range in both brown and clear and is proving a great success.

Features

- **New 72mm width and dispensers to suit**
- Big 150M roll length, means less roll changes and downtime
- Environmental benefit – nearly 60% saving in packaging waste
- Premium adhesive systems, solvent, hotmelt and high performance acrylic grades
- Plain, custom printed and standard texts
- Superb ergonomically designed premium tape dispenser
- Specially designed core size to ensure smooth application to the end of each roll... every time.
- **e-tape**... the secret is simple, but ingenious.

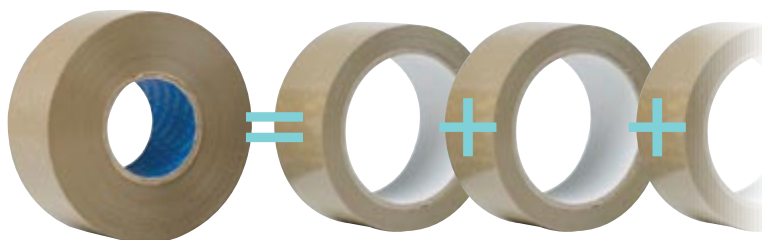

Who's still not using e-tape?
