

mega stretch™

High quality stretch film

megastretch™

A high quality range of stretchfilms for both machine and manual applications. Our megastretch range ensures pallet stabilisation and security, due to its excellent stretch and memory characteristics. A product that has developed consistently over the last 10 years.

Features

- User friendly
- Specific grades for all applications
- **BondMark™** accredited
- Standard widths 400mm and 500mm
- Standard core and extended core for manual applications
- High clarity film for easy recognition of pallet flags
- Available as black security film
- Standard and power stretch film for machine applications
